

Universal Loader HL 25

Technical Data

Engine:	Perkins, 3-cyl., Tier III, water cooled, 18.5 kW (26 HP), 2600 rpm
Lifting capacity:	1360 kg
Lifting height:	2536 mm, lower side bucket
Tipping load with bucket:	809 kg, straight in-line, horizontal bucket
Tipping load with pallet fork:	527 kg, straight in-line, horizontal pallet fork
Drive:	Hydrostatic drive via front and rear axle, 0-14 km/h
Steering:	Hydraulic articulated steering
Hydraulic system:	30 l/min, 205 bars
Service brake:	Via hydrostatic drive in the front and in the rear
Parking brake:	Multi-disc brake
Tyres:	27x10.5-15
Driver seat:	Comfort seat, safety belt, integrated contact switch
Steering column:	Comfort steering column, inclination adjustable, operating hours counter, fuel gauge
Tool carrier:	Own System, EURO-Norm at extra price
Diesel / oil tank	Integrated safety tanks
Empty weight:	1360 kg
Dimensions:	H: 2195 mm, L: 3615 mm, W: 930 mm
Turning radius:	Outside 1829 mm, inside 865 mm, articulating angle 54°
